SUMMARY OF THE REASONS FOR DECISION:

Video Programme No. 330 contains two scenes of sexual activity in which the youth and inexperience of some of the participants is emphasised by the settings for the activity and the accompanying dialogue. These scenes are presented in a manner which is evidently intended to sexually arouse the viewer. The publication therefore promotes and supports the exploitation of young persons for sexual purposes. Excisions to these scenes were offered. The excisions were not made, and the publication is therefore classified:
Objectionable.
